[The following is paid political advertising]:
Nuts to Crack.

Was W. H. Hooker brought
out and backed by the powerful
tax dodgers? What special legis-
lation have they up their sleeves?

Is \$150.00 per month salary
the reason Miles Sauls attacks
Jordan and writes anti-division
stuff?

Is John W. Burton the active
trumpet of the lawyers club and
the Arcadia court house ring?

Does John L. Jones see the
finish of his Abstract of title
milking machine and rock crusher?
These are the public speaking
anti-divisionists. Boil down their
talk and all they have said is.
"DeSoto is a great county. Its a
pity to divide it. High taxes will
ruin the two counties."

Have they offered a word of
relief, a single remedy for existing
evils or a suggestion of economy or
lower taxes?

Every tax payer knows taxes
are getting higher every year and
the funds goggled by the Arcadia
ring to suit themselves. Where
does the money go? What have
we got to show for it or ever will
have without a change?

The new counties don't want
abstracts. Won't have them.
The new record books will be com-
plete abstracts and free to all and
simple as A B C.

Jordan has Hooker beaten and
beaten bad and Hooker knows it.

Plenty of good men take a drink
when they want it but they de-
nounce running elections with
whiskey.

It is a crime under the 1903
laws to even give a man a drink
within a mile of the voting
precinct.

Jordans friends will not tolerate
any funny business this primary.
Fair warning.

Jordan was wrong in fighting
the division of Sumpter county.
Alarmed with the cry of high taxes.
The county was divided. Con-
ditions rapidly improved. Taxes
went down almost half.

Jordan has shown where he will
save the tax payers thousands of
dollars and he will make good.

Jordan is endorsed by all the
leading newspapers of the state and
they have already nominated him
Speaker of the House.
